Pediatric Residency Program Child & Family

Resources' collaboration with the Pediatric Residency Program Goryeb Children's Hospital Atlantic Health and Pediatric & Adolescent Health Education programs helps fill the void left by the elimination of Child Care Health Consultation from the state budget. Through this collaboration Pediatric Residents are available to child care providers and the children and families in their care.

Community Child Care Health Education:

- Promotes healthy and safe environments
- Provides health and safety information
- Encourages preventive health care for all children in child care
